### Hiding the Company, LLC, or Group Option

In Order Details, the option to mark a user as a Company, LLC, or Group Account option has been removed. This will eliminate potential confusion when entering a signing session where this option is not permitted.

The screenshot shows a registration form for a 'Buyer'. At the top, there is a checkbox labeled 'This is a company, LLC, or group account' which is highlighted with a red rectangular box. Below this, the form contains several input fields: 'Email Address', 'Username', 'Buyer First Name', 'Buyer Middle Name', 'Buyer Last Name', 'Buyer Suffix Name', 'Cell Phone', 'Street Address', 'City', 'State' (a dropdown menu showing '(Please select an item)'), 'Zip Code', and 'International Phone Number' (which includes a dropdown for '+1-United States' and two input boxes for the number).
