Getting Started

Request a Trading Partner Relationship (TPR)

A Trading Partner Relationship (TPR) must be established between you and Pavaso before orders can be sent between platforms. A TPR can be established via **Complete Closing Enterprise (CCE)**, or by accessing the dedicated **Closing Market** website:

- 1. Via **CCE**:
 - A. Select Closing Market from within CCE.
 - B. Choose The Market.
 - C. Search for **Pavaso**.
 - D. Select Request.

Note: Your request will be reviewed and approved by a member of **Pavaso Support**.

2. Via dedicated Closing Market website at www.closingmarket.com.

Order Creation Using Complete Closing Enterprise (CCE)

Important Note

Prior to being able to submit documents to Pavaso via RamQuest, your Pavaso Implementation Specialist must configure your company appropriately. Email your Implementation Specialist or <u>implementation@pavaso.com</u> with any questions.

Access the RamQuest One (RQ1) application and complete required fields in Order Data.

Note: Ensure there is a Title Company and Closing Agent associated with the order. Otherwise, the order will not be pushed to Pavaso.

The system requires both **Close Date** and **Close Time**. If these fields are left blank in **Order Data**, there will be an opportunity to revise in the **Closing Market** portal.

The order is submitted to **Pavaso**, the **Pavaso** order number will be designated as the file number in **RamQuest**. Subsequent submissions from the same **RamQuest** file number will completely replace any previous submissions with this same number. This includes any changes that were made to the order on **Pavaso**. If this occurs, a message will display indicating that the current file will be overwritten.

Im	portant Message:
	Resubmitting this order will completely overwrite the initial submission and create a new order in Pavaso.
	Please use the <u>Pavaso</u> website to continue your order.

Using the **File Number Alias** option, users may submit and associate multiple **Pavaso** signing packages to a single **RamQuest** order file. This feature may be used to create separate buyer(s) and seller(s) signing packages. Once all selections are complete, choose New Signing Package.

- Applicable document/document packages associated with the order are located on the **Published Documents** tab on the **Web Publishing** screen at the bottom of the **Order Entry** screen.
- Upon publication, notes are added to the Order Log at the bottom of the **Order Entry** screen.
- The Closing Agent will receive an email notification from Pavaso once the order is created successfully.

Locating and Modifying Your Order on Pavaso

Log in to your Pavaso account and select **Digital Close Enterprise** from the dashboard.

If needed, you can search for your order by choosing the dates range and the available search criteria.

Your order will appear in the Lobby with the status of New. Select anywhere on the order to open it.

Note: Users may or may not see the order based on role and order permissions.

If completing a RON signing, the Signer's ID images will be stored on Pavaso a maximum of 48 hours. This setting is configurable in your company settings.

Once the order has closed on Pavaso, documents and the associated Audit Log will be passed back to FileScan.
